

South Africa

Intercultural Study Tour

May 2022

Plan now to travel to the continent of Africa to study and tour with Mr. John Anderson for 11 days of touring, discussion, reflection, and application, in South Africa. Education should enlarge the imagination and provide an outlet for deep personal fulfillment. When you combine that with travel, even just 10 to 14 days' worth, it can be a catalyst for lifelong academic, personal, and professional growth.

In partnership with EF College Study Tours, Mr. Anderson will lead a group of travelers to study and tour in Johannesburg, and Cape Town, South Africa. He has over 10 years of teaching experience in higher education. He holds a double major master's degree in sociology, and adult/community education, with an additional graduate certificate in college and university teaching.
